

AMAZI
HAWANA SALALAH

PRIVATE LIVING, NATURALLY SERENE

Nestled in the tranquil embrace of Oman's natural wonders, where verdant wadis converge with the calming shores of the Indian Ocean, Amazi emerges as an extraordinary community. Crafted for those who seek a year-round oasis, Amazi offers an escape to a cool, lush green haven during Khareef and a sun-bathed, white-sand residence when the winters of Europe call for warmth. Amazi is a symphony of serene moments and joyful relaxation. Here, homes are not just built; they are carefully designed sanctuaries for creating memories, an endless celebration with family and friends, a pause from the everyday—a community where every second is an invitation to explore, connect, and rejuvenate in the heart of an Arabian paradise.

Amazi represents the pinnacle of exclusivity within the thriving Hawana Salalah. This private oceanfront oasis, sprawling across a million square metres of meandering lagoon and sandy beaches, asserts itself as one of the most prestigious residential resort communities in the region. Every return to Amazi is a return to your own secluded villa or charming chalet, architecturally aligned with the pristine waters of the Indian Ocean. It's a place that continuously whispers a welcome, offering a respite to relax and recharge, and it's all set against the backdrop of Salalah's breathtaking beauty—sublime serenity in an Arabian haven.

THE JEWELS OF HAWANA SALALAH

Amazi unfolds as Hawana Salalah's crowning glory, a coastal sanctuary where private homes shimmer like jewels along a meandering turquoise lagoon and the pristine Indian Ocean. This year-round paradise beckons with stretches of white sand that rival the Caribbean's finest, offering a rare opportunity to own a waterfront residence within its four distinctive neighborhoods.
